

STUDENT CODE OF CONDUCT

J-341

Blackhawk Technical College (BTC) is dedicated to providing technical and adult education to the residents of Rock and Green Counties. In support of its mission, the College seeks to provide the opportunities and protections which best serve the educational process. Students are entitled to the basic rights and protections as an individual enjoyed by all members of society. At the same time, they are also subject to obligations as a member of the College community. BTC has adopted a Student Code of Conduct that sets forth the standards of conduct expected of students who choose to enroll at BTC. It is intended to protect the welfare and safety of everyone and also assure that a valid learning environment exists.

The BTC Student Code of Conduct is intended for the benefit and protection of everyone involved in education and other activities at BTC. Students are expected to know and willingly follow the code in their everyday activities – including BTC-sponsored activities held off campus. Conduct that violates the code is not acceptable and will not be tolerated. The student conduct regulations are intended to give students general notice of prohibited conduct. However, they are not meant to define misconduct in every circumstance. The Student Code of Conduct is published annually in the Blackhawk Technical College Catalog and Student Planner, as well as on-line on the College's website.
