Important Information regarding Reviewing and Awarding Financial Aid for 2010-2011

What does the Tracking Complete Date mean?

The tracking complete date means we have received all required documents after a preliminary review of the FAFSA application. The applications are then placed in date order by the tracking complete date and are subject to a final review. More information or revisions may be needed prior to awarding actual aid. Please regularly check your status and award online. (Go to **How to Review Financial Aid Requirements and Status** for help viewing this information.)

****TRACKING COMPLETE DATE****

We are currently reviewing FA applications with a Tracking Complete date as listed on our website.

- We are working very hard to complete as many applications as possible by August 23rd.
- Please check the website for updates on what dates we are working on.
- Due to the high volume of FA applications we appreciate your patience and understanding during this time. If you need to contact the FA office, we will do our best to return phone messages in date order however fewer phone calls means more applications reviewed and awarded prior to the fall term.

JULY 1, 2010

If all required documents have not been received by July 1, 2010 you will have your tuition deferred until your FA has been awarded however you will have to make arrangements to purchase your books on your own. Applications for Ehart loans to assist with books are available on the website or at the Information Desk located in the Student Services atrium.

****JUNE 30, 2010****

All required documents need to be received by the Financial Aid Office on or before this date for an award prior to the beginning of the fall term

and to charge books in the book store. Once all documents have been received, you will see a tracking complete date when you view Financial Aid Requirements and Status online.

****APRIL 30, 2010****
