## **Online Databases**

### **BadgerLink**

Badgerlink contains EBSCOhost, 24 databases that provide indexing for articles. They include MasterFILE Premier, Health Source – Consumer Edition, and Nursing and Allied Health Collection Basic, which are especially helpful in the area of dental medicine. This resource is available at the library web page through the Find Books & AV link or at this address: <http://www.badgerlink.net>.

### **Career and Technical Education**

This database provides access to more periodicals than any other vo-tech database. Its full text offerings include *Dental Economics*, *Journal of Allied Health*, *Journal of Dental Research*, and *RDH*.

### **CINAHL**

CINAHL, or Cumulative Index to Nursing and Allied Health Sciences, provides indexing of over 1200 professional journals in nursing, 17 allied health disciplines, and health sciences librarianship, with coverage back to 1982. It does not have as many full text resources as other indexes, but is more complete than others in the number of nursing and allied health titles it includes.

### **Health Reference Center Academic (Infotrac)**

This database provides articles on fitness, pregnancy, medicine, nutrition, diseases prescription drugs, occupational health and safety, etc. It offers a guided search, identifying articles by their topics and subtopics.
