Online Databases

BadgerLink

Through state funding this database provides access to magazines, newspapers and a statewide library catalog (WISCAT). It contains EBSCOhost, which contains +20 databases indexing articles. It is available through the BTC library web page at [Find Books & AV](#) or at this address: <http://www.badgerlink.net>.

Career and Technical Education

This database provides access to more periodicals than any other vo-tech database. It has full text for more than 400 titles, including: *Computer Protocols*; *Computer Technology Review*; *Computer Workstations*; *Computers, Networks & Communications*; *Computerworld*; *Network Computing*; *Network Weekly News*; *Network World*; and *Networks Update*.
