

## Community-Wide COVID-19 Testing at BTC

### What

---

FREE COVID-19 testing

This is a drive-up testing site. Please stay in the vehicle until it is your turn. Individuals will be notified when it is their turn and will walk-in to the testing area. A nasal swab will be used to collect a sample by a member of the Wisconsin National Guard.

### Where

---

Blackhawk Technical College Central Campus Parking Lot  
6004 South County Road G, Janesville

### When

---

Note: Dates/times are subject to change based on the community's needs.

Wednesdays & Thursdays\* from Noon – 5 p.m.

*Please note that once supplies have been exhausted for the day, it may necessitate an early closure of the testing site. Testing site hours of operation are subject to change.*

### Who

---

Testing is open to anyone 12 months of age and older. Individuals experiencing symptoms are encouraged to get tested. COVID-19 symptoms include:

cough, fatigue, sudden loss of taste/smell, shortness of breath, sore throat, congestion or runny nose, fever, muscle pain, nausea or vomiting, chills, headache, diarrhea

### Additional Information

---

- No appointment is necessary, though pre-registration is recommended.
- Pre-register at [register.covidconnect.wi.gov](https://register.covidconnect.wi.gov)
- Registration will not be accepted more than 72 hours in advance of testing.
- For additional questions about community testing, please contact Rock County Emergency Management at (608) 758-8440.
- Community-wide updates regarding COVID-19 can be found at <https://coronavirus-response-rockcountylio.hub.arcgis.com/>.
